

```
graph LR; A[proj_main_loop] --> B[loadFlappyHighscore];
```

loadFlappyHighscore

A diagram showing a call from `proj_main_loop` to `loadFlappyHighscore`. The `proj_main_loop` box is on the right, and the `loadFlappyHighscore` box is on the left. A blue arrow points from the right side of the `proj_main_loop` box to the left side of the `loadFlappyHighscore` box. The `loadFlappyHighscore` box has a gray background, while the `proj_main_loop` box has a white background. Both boxes have a black border.
